Miriam's Song

Music by Debbie Freidman

Chorus:
And the women dancing with their timbrels
Followed Miriam as she sang her song
Sing a song to the One whom we've exalted
Miriam and the women danced and danced the whole night long

Miriam was a weaver of unique variety
The tapestry she wove was one which sang our history
With every strand and every thread she crafted her delight
A woman touched with spirit, she dances toward the light

Chorus

When Miriam stood upon the shores and gazed across the sea
The wonder of this miracle she soon came to believe
Whoever thought the sea would part with an outstretched hand
And we would pass to freedom and march to the promised land!

Chorus

And Miriam the prophet took her timbrel in her hand
And all the women followed her just as she had planned
And Miriam raised her voice in song- she sang with praise and might
We've just lived through a miracle we're going to dance tonight
